Michael Kehoe
Care Outreach Services
38 N. Lime Avenue
Sarasota FL, 34237

Dear Mr. Kehoe,

AID FOR AIDS is extremely grateful for your support and donation, for it has helped us to fulfill our Mission of providing sustaining, life-saving antiretroviral and other medical treatment to recipients in need throughout the developing world. Thanks to donors like you, of the approximately \$7 million worth of ARVs we sent worldwide, \$1.2 million worth went to Venezuela alone. We are encouraged by the strides we made to help Venezuelans enduring this humanitarian crisis, but there are still thousands of people living without their ARVs, wondering how high their viral load has skyrocketed since their last dose.

Therefore, if you come across any surplus ARV or prophylactic medication in the future that you can donate, please feel free to contact me at Lklie@aidforaids.org or call me at (212) 337-8043. We greatly appreciate any donation, regardless of the size.

Leonardo Klie
